

Explore Life!

its diversity and beauty at

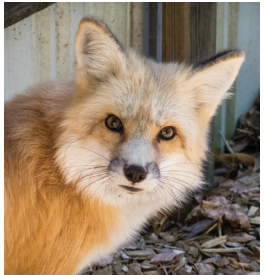

Cayuga Nature Center

The Cayuga Nature Center cultivates awareness and responsibility for the natural world through outdoor and environmental education.

Visit our live animal collection, climb TreeTops—our 6 story tree house, and learn more about life all around us from our interactive exhibits.

We host seasonal programs throughout the year, such as Eco Explorers and Maple Fest! We also offer camps through the year—enroll your child in Summer and School's Out! day camps.

CAYUGA NATURE CENTER

1420 Taughannock Blvd, Ithaca, NY 14850
607-273-6260

Discover Life!

its origins and evolution at

Museum of the Earth

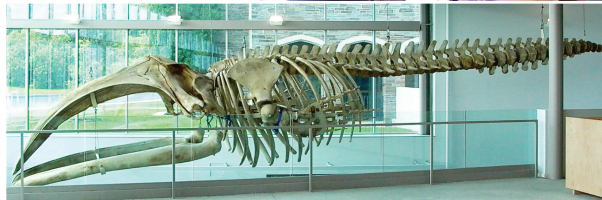

Journey through time and see how life evolved on the Earth. The museum includes over 600 specimens on display.

Our changing temporary exhibits provide something new to explore and learn about with each visit!

Become a member and enjoy discounts at both locations all year long!

MUSEUM OF THE EARTH

1259 Trumansburg Road, Ithaca, NY 14850
