

Pricing Guide for print back-issues of *Bulletins of American Paleontology*

Bulletins of American Paleontology (BAP) is available for single-issue purchase from the [PRI Online Store](#). The store reliably displays our most recently published issues, but we also have a stock of our older print volumes which are available upon request. Please reach out to publications@priweb.org to inquire about the availability of certain issues. A list of all past BAP issues is available [here](#).

The discount pricing for older BAPs is as follows, based on publication date:

2010–Present: **Full Cover Price**

1990–2009: **50% Cover Price**

1980–1989: **\$10 USD**

pre-1980: **\$5 USD**

If we have in stock the volumes you are looking for, they will be made available to you in our online store (at their appropriately discounted price) for purchase.

If we do not carry print copies of the volume you are looking for, most issues published between 1895 and 2007 (nos. 1-371) are now also available as open access, free PDFs through [Biodiversity Heritage Library](#) (BHL).
