

Summer Symposium Schedule 2018

9:00 - 10:00	Breakfast	
10:00 - 10:15	Opening remarks	
10:15 - 10:30	Dana Friend	Travel diaries of Eocene <i>Athleta</i> : the making of macroevolution
10:30 - 10:45	Jon Hendricks	The Digital Encyclopedia of Ancient Life
10:45 - 11:00	Jool Al Aswad	Earth source heat: exploring the subsurface at Cornell for potential reservoirs for an enhanced geothermal system
11:00 - 11:15	BREAK	
11:15 - 11:30	Brendan Anderson	All power to shields: The growth and ecology of <i>Turritella abrupta</i> (Miocene), the largest, heaviest shelled Turritellid
11:30 - 11:45	Danielle Eiseman	Cornell Institute for Climate Smart Solutions: social approaches to global climate challenges
11:45 - 12:00	Caren Shin	Tropical paleobiodiversity from the Coral Triangle
12:00 - 1:00	LUNCH	
1:00 - 1:15	Ming Khan	Paleoenvironmental interpretation of turritelline-gastropod dominated assemblages in the Eocene of Seymour Island, Antarctica
1:15 - 1:30	Jenny Apple	Raids and relocations: the exploits of slavemaking ants
1:30 - 1:45	BREAK	
1:45 - 2:00	Tim Clark	The varying dentition of <i>Allosaurus</i> : a functional morphology experiment
2:00 - 2:15	Katherine Herleman	Communicating the benefits of climate change mitigation, adaptation, and resiliency to Southern Tier municipalities
2.15 - 2:45	Warren Allmon	TBA
2:45 - 3:00	BREAK	
3pm - 4pm	Shaena Montanari	Communicating science in the age of fake news
4pm - 5pm	Mixer	
5pm - 6 pm	Dinner
